Florence Nightingale's Early Life

Florence

*Nightingale was
born in the city of
Florence in Italy.*

*She had a mum
and a dad and a
big sister called
Parthenope.*

Florence dream

- Florence really wanted to be a nurse but her parents wanted her to get married.

They wanted her to be a wife.

Florence's dream was to be a nurse because she likes helping people.

Florence's dream comes true!

Florence's dream came true when she got a place in a school for nurses in Germany. Her mum and dad agreed that she could go. She trained hard and finally became the nurse she always wanted to be!

Helping hand

After her training Florence went to Scutari because she wanted to help people. She gave a helping hand in helping wounded soldiers get better. She also made sure that the hospitals were made tidy and changed a lot of things that nurses still do today.

Later life

In 1883 she was given the Red Cross award and in 1907 she got the order of merit for her hard work in the nursing world.

*Florence grew older
and in 1910 she died at
the age of 90 in her
sleep. Florence is still
remembered today for
all her hard work in the
nursing world.*
